

PREVENTION IS KEY

SCHEDULE A FLU SHOT

Why is it important to receive a Flu Shot Each Year?

Receiving a flu shot reduces the chances of you getting the flu.

If you do get the flu; the flu shot could shorten the duration of the flu and may make your symptoms milder.

Receiving the flu shot helps protect those around you who can't get the flu shot, the very young, or people who are immune compromised.

TUESDAYS & FRIDAYS AT BOGACHIEL CLINIC

We have a nurse dedicated solely to flu shots each Tuesday and Friday at Bogachiel Clinic. Call and schedule your flu shot today. Families can be given Flu shots together.

- Call 360*374*6998 to schedule a flu shot appointment at Bogachiel Clinic. Call 360*963*2202 to schedule a flu shot appointment in Clallam Bay.
- Already have an appointment? You can receive your flu shot at your regularly scheduled appointment; no additional appointment is needed.
- Receive a free refillable hand sanitizer as our gift to you when you receive a flu shot. One per family, while supplies last.
